GENESEE COUNTRY VILLAGE & MUSEUM

gcv&m

THE LARGEST LIVING HISTORY MUSEUM IN NEW YORK STATE & THIRD LARGEST IN AMERICA

Genesee Country Village & Museum brings the history of New York State and America in the 19th century to life through interactive programs, events and exhibits. This unique living history experience provides meaningful insights into the origins of customs, traditions, social values, and the evolution of our contemporary lifestyles.

Our 600-acre complex—which is just 20 miles from downtown Rochester and an hour from Buffalo—consists of 68 historic structures furnished with 15,000 artifacts to provide an authentic 19th-century environment in which visitors interact with friendly, knowledgeable interpreters in period-appropriate dress. We consider each of our buildings, gardens and farms as exhibits in and of themselves. Trade, craft, cooking and agricultural demonstrations occur every day.

Our visitors immerse themselves in the 19th century by watching the village craftsmen, smelling the aroma of freshly baked 19th-century foods and strolling the beautiful gardens.

Give your group a unique, customized experience in all that we have to offer!

The John L. Wehle Gallery presents permanent works in a series of themed rooms, as well as various changing exhibits. Always on display are showpieces from the nearly 3,000 rare items of the nationally recognized Susan Greene Historic Clothing Collection.

From garments to accessories, this superb collection is regarded as one of the finest in the country.

Mannequin displays and pull-out drawers allow visitors an up-close look at how fashions changed throughout the 1800s.
