

EXPLORE EDUCATIONAL PROGRAMS AT GCV&M

FIELD TRIPS, VIRTUAL PROGRAMS, IN-CLASS EXPERIENCES, AND MORE

Bring your curriculum to life

There is nothing like a face-to-face, in-person, hands-on experience at GCV&M. **On-site Field Trips** are available on select dates in March, April, October, and December and regularly from May through September. Or, consider a **Virtual Education Program**, available on select dates from January through April and in November!

Bring GCV&M to your classroom with our **Movable Museum Program**. Invite a costumed interpreter, curator, or naturalist – along with their trunk full of activities and learning materials – into your classroom, community center, or library. Movable Museum Programs can be scheduled year-round based on availability. Call to learn more today!
